

Wall Mount Clothing Rack — Display Kit Instructions

Basic Installation Instructions

1. Confirm that you have all the required parts.
2. Assemble the parts according to the enclosed diagram.
3. When you initially assemble the unit loosely tighten the fitting set screws. After the unit is completely assembled, fully tighten all set screws.
4. If installing plugs, place cloth over plug and hammer into place.

Troubleshooting

If the rack seems wobbly, loosen the footing set screws and adjust the footing pipes until the rack is stable.

- 3 0.28m Tubes

Required Hardware

4 mounting screws (not included)

Tools

- Allen Key (included)
- Hammer (for plugs)

Wall Mount Clothing Rack — Display Kit Instructions

Wall Mounting

Each wall mount requires four screws. The hole size is 14mm. If you are mounting to drywall, ensure that you are mounting the rack to a stud or using the appropriate drywall anchors.

Floor Mounting

Mounting the unit to the floor is not required. If you choose to mount the rack to the floor, use the appropriate hardware in the 14mm holes of the 61-6 base flange.
